Company seal

..İstanbul../..30.04.2025.

Place and date

DECLARATION

Product(s):..Karre,..Karre..Clean,..Palmiye...Products.....

(enter here the name of the product, identical to the one in the Application for Attestation)

does not contain:

1. phthalates: dibutyl (DBP CAS 84-74-2), benzyl butyl (BBP CAS 85-68-7), diamyl (DAP CAS 131-18-0), dihexyl (DHP CAS 84-75-3), dicyclohexyl (DCP CAS 84-61-7), bis(2-ethylhexyl) (DEHP CAS 117-81-7),
2. fire retardants based on antimony compounds such as Sb2O3 and brominated organic derivatives, e.g. HBCDD,
3. dimethyl fumarate,
4. SVHC substances,
5. substances in Annex XIV Reach,
6. substances of Annex XVII Reach,
7. pigments based on lead, cadmium, chromium (VI), mercury and organic compounds classified as carcinogenic Cat 1 and 2/mutagenic Cat 1 and 2/negative for reproduction Cat 1 and 2/negative for the unborn child,
8. waste (such as slag, ash, waste paper), processed (chemically and/or thermally treated) waste,
9. asbestos, attapulgite and sepiolite and asbestos-like materials,
10. post-consumer recycled materials (not including glass and metals and their alloys),
11. boron compounds,
12. nanomaterials, including, titanium dioxide nanoparticles (less than 100 nm in size), silver nanoparticles (less than 100 nm in size), nano-substances, nano-particles, nano-agglomerates, photocatalytic compounds,
13. bituminous materials and modified bitumen,
14. organic tin compounds in amounts greater than 0.1% expressed as tin,
15. biocides in excess of 0.2% expressed as active substance,
16. carcinogenic Cat 1 and 2/mutagenic Cat 1 and 2/negative for reproduction Cat 1 and 2/negative for reproduction in the mother's womb - greater than 0.1%.
17. ethylene glycol,
18. hydrocarbons of hydrogen-acting agents with more than 3% DMSO extract in accordance with IP 346 and >0.1% benzene,
19. combustion by-products and by-products of technological/biotechnological processes
